

Stevens Point Christian Academy

Purpose and Objectives

Stevens Point Christian Academy has been established to aid parents in fulfilling the scriptures concerning the education of their children. (Deut 6: 1-9).

God has given the responsibility of education to the parents. The school receives its authority from the parents making the parents and teachers partners in that process. The school supports the God-given authority of the parents. A God-centered education helps in creating an atmosphere of harmony among home, church, and school.

The purpose of the school is to integrate academic work and all school activities with a biblical view of God, man and the world. This provides education for the whole person: spirit, soul and body.

Putting God's Word in the center of education enables children to see the reality of God in every realm of their life and equipping them for every situation.
